SUMMARY

Creative and detail-oriented UI/UX Designer and Fullstack Developer with experience in building intuitive and user-friendly web applications. Proficient in modern design tools and web technologies, with a strong background in interaction design, wireframing, and frontend development, graphic design. Passionate about crafting seamless digital experiences and continuously learning to enhance my skills.

Experience

DiffuserTech Company

UIUX Designer

January 2025 - Present

Saudi Arabia

- Designed a hospital meal management system, improving food ordering and tracking for patients.
- Developed interactive wireframes and prototypes for various internal tools used by the healthcare sector.
- Designed and developed the admin panel for LinkMyte, enabling event organizers to create and manage event registration forms. The platform allows admins to customize registration fields, track attendee registrations, and monitor payment statuses.
- Designed and optimized ZMYTE, an AI-powered email and WhatsApp campaign platform.
- Created a multilingual (including Arabic UI) user experience for a global audience.
- Built an analytics dashboard for tracking campaign performance in real time.
- Designed UI elements for automated outreach and customer segmentation tools.

Afridol

Frontend Developer (Intern)

January 2025 - Present

Morocco

- Contributing to the development of a web application for Afridol, a content creation company.
- Collaborating with designers to implement UI components using React.js and Tailwind CSS.
- Ensuring the platform is optimized for performance and accessibility.
- Developed a video content management system, improving content organization and accessibility.
- Implemented a responsive design system, enhancing the user experience on both desktop and mobile.

Sohoby Software Development Company

UIUX Designer

January 2024 - December 2024

Saudi Arabia

- Designed the LinkMyte customer application, an NFC-based solution that eliminates the need for physical business cards.
- Contributed to the design of the Faheemni learning and teaching application, leveraging problem-solving skills to create intuitive and user-centric UI/UX solutions.
- Designed a user-friendly rental app for RushRooms, enhancing the booking experience with intuitive UI/UX and seamless functionality.
- Designed the Brilliante car wash application, focusing on seamless user experience and intuitive interface design..
